14 Night Cruise sailing from Valparaíso to Buenos Aires aboard Norwegian Sun.

No schedules, no regimen - just you! Norwegian Sun was built specifically for Freestyle Cruising, so whether you want to rejuvenate at the Body Waves Spa, hang with friends at the Sun Club Casino or simply do nothing at all - we've got you covered. Eat somewhere different every night, read a book. Hey, read 10 books. And enjoy your vacation to your chosen destination with the freedom to whatever.

Calling all bird watchers, history buffs and beach bums. It's all here. See ancient civilizations and Giant Condors. Visit the Lost City of the Incas. Look out for sea lions, elephant seals, penguins, whales and hundreds of bird species. Or, lounge away the day on the beach. Freestyle Cruising lets you pick and choose the things you want to do and see. Plan it all ahead of departure or wait until you're under way.

Highlights of this cruise include:

Santiago (Valparaíso) - Cerro Polanco Funicular offers great views of the harbor and surrounding hills. Relax on the beach at Viña Del Mar. Set at the foot of the Andes, Santiago is Chile's oldest city and also its capital.

Punta Arenas - One of the Southernmost cities on Earth looks out over the Strait of Magellan. Rub the foot of Magellan in the central Plaza de Armas for good luck. Visit the Patagonia Institute and the Penguin Reserve of Otway Bay.

Ushuaia - Hike beautiful trails framed by the sea, forests, lakes and mountains. See Andean Condors and the rugged beauty of Tierra del Fuego National Park. Ushuaia is one of two main cities on the island territory of Tierra del Fuego.

Puerto Madryn - If you want to see wildlife, go to the Punta Tombo Nature Reserve. Puerto Madryn is a gateway to remote wildlife preserves and Argentine patagonia. Visit the Paleontology Museum in the Chubut Valley.

Buenos Aires - See the fairy-tale islands and subtropical vegetation of the Paraná Delta. The city that never sleeps lives up to its name with an exciting nightlife. Visit La Boca, birthplace of Tango.
